

Tissue Engineering and Regenerative Medicine

Advances in Stem Cell Research and 3D Bioprinting

**2019
Pearl
Seiden
Symposium**

WHEN?

June 12-13, 2019

WHERE?

Auditorium
Faculty of Biotechnology
and Food Engineering
Technion, Israel Institute of Technology

KEYNOTES

Gordon Keller, *University of Toronto*
Cato Laurencin, *University of Connecticut*
Gordana Vunjak-Novakovic, *Columbia University*
Michael Sefton, *University of Toronto*
Mark Tuszynski, *University of California - San Diego*

SPEAKERS

Nissim Benvenisty, *The Hebrew University of Jerusalem*
Smadar Cohen, *Ben-Gurion University of the Negev*
Michele De Luca, *University of Modena and Reggio Emilia*
Benjamin Dekel, *Tel Aviv University*
Adam Feinberg, *Carnegie Mellon*
Yaron Fuchs, *Technion*
Lior Gepstein, *Technion*
Sara Heilshorn, *Stanford University*
Allon Klein, *Harvard Medical School*
Shulamit Levenberg, *Technion*
Matthias Lutolf, *EPFL*
Marcelle Machluf, *Technion*
Milica Radisic, *University of Toronto*
Benjamin Reubinoff, *Hadassah*
Yuval Shaked, *Technion*
Ruby Shalom - Feuerstein, *Technion*
Anthony S. Weiss, *The University of Sydney*
